IN STATION TRAINING

The Indiana County Public Safety Academy will provide certain Local Level PA State Fire Academy training classes in your fire station. To obtain information on this type of training, please contact the Indiana County Public Safety Academy office at 724 - 479 - 0686 or at icpsta@yahoo.com.

SITE RENTAL INFORMATION

The Indiana County Public Safety Academy is available to be rented by agencies wishing to hold their own in-house training for their members. In order to keep the academy financially viable, fees are assessed for certain items and for programs sponsored at the site by outside agencies or organizations. The charter member departments of the "Fire chief's association of Indiana County" who's dues are in good standing, have free use of the site and will be assessed fees for the cost of consumable goods used. Industrial brigades, response teams or private sector safety departments, wishing to have courses provided to them at the site, can make arrangements to have courses scheduled and presented for their personnel. Catering services are available and can be purchased directly through the academy. To reserve use of the site for your agency, complete the site use form, available at our website and submit it to the attention of the Director at 85 Haven Dr, Indiana PA 15701.

PA State Fire Academy - In Station Training

The PA State Fire Academy also offers certain classes at your fire station. These classes are free of charge and are scheduled directly through the state fire academy. You will need to go to the PA State Fire Commissioner's website (www.osfc.pa.gov) then go to the "State Fire Academy" menu, then "click" on the "Academy on The Road" selection. This will provide you with the classes and the necessary information to work with the PA State Fire Academy to schedule a class.
