Scheduled Programs – January to July 2024

Local Level, Suppression and Non-Suppression Programs:

All County 1st Responders;

Happy New Year! The information on program offerings at the Indiana County Public Safety Academy are intended for you to gain experience and knowledge in basic response techniques and skills. These program offerings are developed and delivered in line with the State Fire Academy "Local Level" course offerings. If there is a program that you would like to have offered, from the State Local Level course listing, please feel free to contact us and we will make every effort to provide that program.

Please visit our website for the most up to date information on course offerings, PDF fillable documents, course cancellations, and general information on site use, course requests for delivery at your station or any other information related to our facility. The website can be found from any search engine; Indiana County Public Safety Academy or by entering icpsa.indianacounty.org.

Expected changes are coming in 2024, within the Local Level Course curriculum and are anticipated for mid-year. As these new courses are scheduled, we will make changes to our regular course schedule. These updates will include the use of a nationally published curriculum and textbook for students. Standardizing the state training and professional testing should seamlessly provide students with the opportunity seek Professional Certification in many areas.

The form required for 17 year olds to participate in the Interior Fire Fighter and Fire Fighter I Certification Testing are available on our website.

To guarantee the most efficient processing of course registrations and issuance of course certificates, we must have a valid email address for each and every student in the program. A PDF fillable and printable application is available on our website. Please email your completed course registration forms to icpsa@indianacounty.org for quick registration in local level training. If you are going to mail your application, please send it to ICPSA, 85 Haven Dr, Indiana PA, 15701. Applications mailed directly to the Academy's Homer City address can be delayed. Course completion certificates will be sent via email to each student. They can keep the digital copy and forward copies to their department or anywhere else they may be needed. State law prohibits us from sending completion certificates to anyone other than the student.

The PSFA Acadis platform will eventually become your source for registration and certificates. If you have not yet registered on Acadis please do so as soon as possible. Also, the use of FEMA SID numbers will be required in place of individual Social Security numbers for registration. If you do not have a FEMA SID or don't remember your number, please keep your card handy for reference.

We are hopeful that this information and the new format of the course brochure is helpful. As always, if you have questions regarding any training program, feel free to contact us.
